Invites you to attend:

Student Leadership Opportunities

The William S. Hart Union High School District is proud to serve students through Career Pathways. Every student, no matter what their post-secondary plans are, can benefit by selecting and following a sequence of career related classes designed for their area of interest. In addition to the connection for students in their area of career interest, there are opportunities for students in leadership. The California Technical Student Organization (CTSO) is the venue for student leadership locally, state, national, and international. For more information, please join us at the next CAC meeting.
